

**The Final Lab report must contain the followings:**

1. Cover page with university logo, student name and reg.no. etc.
2. List of experiments with corresponding date of execution

Followings must be there in the report for each experiment:

3. Title of the experiment
4. Algorithm/procedure
5. Complete MATLAB code
6. Results (images, tables if any, other plots if any, etc.)
7. Conclusion (explain in few lines the meaning and the significance of the results).
